President's Column

Daniel Kwok-Keung NG 吳國強
President, Hong Kong Society of Paediatric Respirology

June 2012 is a special month for Hong Kong as the City is preparing for the arrival of the President of PRC for the July 1st ceremony that sees the new era under Mr. CY Leung. In the last 2 months, your president has travelled twice to Taiwan to talk on different respirology topics. This regional exchange is important to the development of respirology in Hong Kong and Asia. Dr. Alfred Tam has completed the Herculean task of applying for accreditation for respirology and we should hear from College sometime next year.

CIPP XI will be held for the first time in Asia in Bangkok and members are encouraged to attend this superb congress. The Society annual scientific meeting will be held on October 7th in Sheraton Hotel. From the program attached in this issue of the Journal, you will find this to be highly educational with excellent speakers from all over the world. Please mark the diary and I look forward to seeing you there. Meanwhile, enjoy the summer with your loved ones!

Attending the Annual Meeting of Society of Pediatric Pulmonology, Taiwan in Taichung on April 8th 2012
