Paediatric Bronchoscopy Course

2 – 4 December 2014, Animal Research Laboratory, The University of Hong Kong

Welcome to the Paediatric Bronchoscopy Course jointly organized by the Hong Kong Society of Paediatric Respiriology and the Department of Ear, Nose & Throat, the University of Hong Kong. This 3-days intensive course aims to provide a comprehensive introduction to the principles and practice of paediatric bronchoscopy and also provides a hands-on experience in animal models.

PROGRAMME

2 DEC 2014:

- Introduction to bronchoscopy
- Paediatric airway - normal and abnormal findings
- Basic principle and practice of therapeutic bronchoscopy
- Bronchoalveolar lavage and endobronchial biopsy
- Care and feeding of flexible bronchoscopes
- Bronchoscopy video presentation
- Demonstration of flexible bronchoscopy in Simulator
- Dry model: normal tracheobronchial tree
- Porcine model: manipulating flexible bronchoscope
- Simulator: scenarios training

3 DEC 2014:

- Rigid bronchoscopy: an overview
- Sedation and general anaesthesia for bronchoscopy
- Sleep endoscopy
- Surgical intervention in upper airway
- Neonatal bronchoscopy: why, how and so what
- Video demonstration of rigid laryngoscopy and bronchoscopy with laser
- Porcine model: endobronchial biopsy BAL
- Simulator: scenarios training

4 DEC 2014:

- Therapeutic flexible bronchoscopy: illustrative case presentation
- Bronchoscopy in PNICU
- Commonly encountered problems in therapeutic bronchoscopy
- Complications of flexible bronchoscopy
- Therapeutic flexible bronchoscopy: experiences from Czech Republic, India and Taiwan
- Demonstration of equipment and video demonstration
- Porcine model: endobronchial biopsy BAL
- Simulator: scenarios
- Simulator assessment

**CME points
will be
accredited for
the Course.**

FACULTY

Dr. Daniel Ng (Co-director)
Dr. Eric Chan (Hong Kong)
Professor Sushil Kumar Kabra (India)
Professor Albert Li (Hong Kong)
Professor Wen-jue Soong (Taiwan)

Dr. Birgitta Wong (Co-director)
Dr. Theresa Hui (Hong Kong)
Dr. David Lam (Hong Kong)
Professor Petr Pohunek (Czech Republic)

COURSE FEE

HKSPR member: HKD 6,000

Non-member: HKD 8,000
